Best offline football game in play store. Best offline shooting game in play store. Best offline games available in play store. Best offline game in google play store. Best offline pokemon game in play store. Best action offline game in play store.

You need to know the best offline Android games, because there's nothing worse than playing online on your phone in airplane mode before a flight or are in a place with spotty connection, these games will still work. From relaxing farming sims to tough puzzlers and iconic

games available on Android, this list of games runs the gamut no matter your preference. It's important to be able to unplug and play something that isn't tethered to your data plan, so we've gathered ten games that will let you do just that. Luckily, many of the best mobile games don't require an internet connection and are best played solo with a pair of headphones to drown out the sound of your commute. From puzzlers to story-driven epics, here are the best offline Android games you can play right now. Alto's Odyssey is endless in every sense of the word: if you're good enough, you can guide Alto and their sandboard over countless hills and ramps, backflipping over gorges and leaping between grinds on temple ruins. But when you eventually fail and face-plant - and trust us, you will - it's oh so easy to start another run, seeing if, this time, you can just get a little bit further, perhaps even glimpsing the next elusive biome. While mechanically simple, Odyssey feels majestic, and that's down to the little touches: the purple sun rising against a cityscape background, or the way Alto's scarf grows longer as he lands tricks. Best of all, it's completely free. Download Alto's Odyssey here (opens in new tab) Minecraft (Image credit: Mojang) Minecraft, as the name of its massive 2017 mobile update suggests, is Better Together: but it's still a fantastic solo game, too. Going offline means you can't hang out with friends on your favourite server or collaborate on builds, but it gets you back to the roots of what makes Minecraft alone can be meditative, especially when the wonderful music swells. We could spend hours in stripmines hunting for diamonds without getting bored, because it's always in pursuit of a higher goal: a house you want to build, a farm you need material for, or an epic journey across the map that requires plenty of supplies. Yes, you don't get to show off the fruits of your labour if you're offline - but there's still a huge satisfaction in formulating a plan and watching it come together, eventually sitting back and admiring your own work. Download Minecraft here (opens in new tab)Oxenfree's premise - a group of '80s teenagers pile onto a creepy island - is a classic mystery trope, but you'll soon realise this is anything but an ordinary game. The supernatural twists and turns will keep you locked in, but the characters are the real draw. Developer Night School Studio paints the cast's personality with every word, and their obsession with teen drama makes them feel like real people Even better than what the characters say is how they say it. Oxenfree's dialogue system remains one of the best in any game because it lets you choose when to interrupt, when to choose from all the available options. You have total control and the other characters always react believably, which is no mean feat. Download Oxenfree here (opens in new tab)Her Story(Image credit: Sam Barlow)We'd actively advise against playing this with a friend, or with someone looking over your shoulder. It's not just Her Story - brilliantly-acted murder suspect Hannah Smith, who spends the whole game being interviewed by police - but it's your story in that you decide the order of the clips based on the keywords you search for. Hannah is the only character, and you'll get to know her ticks and habits intimately as you trawl through a police database, looking for clues about her husband's death. There's no one best way to experience Her Story, and every player comes out of it with a different theory as to what happens. The important thing is to trust your instincts, search for keywords that feel right, and see where it takes you. Don't stop playing until you've settled on a story that makes sense. Download Her Story here (opens in new tab)Mini Metro, which makes you a transport planner for a few heavenly minutes a day. You lay down subway lines to get passengers from A to B, only your city is constantly expanding, new stations popping up all over, and it's up to you to join the dots. It starts simple, and at a small scale it's not hard to keep your metro system streamlined. But when your city starts to sprawl, and you can't keep an eye on every line at once, it turns from an exercise of efficiency to one of plate-spinning. It's an addictive formula, and we can't stop trying to beat our high score. Download Mini Metro here (opens in new tab)5. Stardew Valley(Image credit: ConcernedApe)The best mobile farming game is made for solo players: it's made for long afternoons chopping down trees outside your house, for cold mornings sat on the side of a wooden dock with a fishing rod dangling in the water, and for manufactured morning routines to give your virtual life a sense of structure. It's also very deep - far deeper than its cute art style suggests, and the turn of every season is a chance to master a new system or mechanic. We love its freedom. You can dive into town life, talking to everyone you meet and making a circle of friends (and maybe even find a partner). Or you can be a recluse, shacked up on your plot of land, on which you methodically farm carrots and potatoes. Each of its mini stories can be ignored, but you'll be missing out: they'll consistently surprise you, taking the game in a new, unexpected direction. Time to plant your roots. Download Stardew Valley here (opens in new tab) (Image credit: Adriaan de Jongh) It's Where's Wally/Waldo, but on your phone, and better than the original because every picture moves. Your touchscreen adds an extra layer of interaction, and everything you tap will reward you with an adorable animation: bushes part their leaves, blinds unfurl in windows and birds take to the sky with a squawk. Every sound is mouth-made, and they're so good that it's worth clicking on every object - not just the ones you're trying to find - to hear what noise they make, from the buzzes of bees to the unzipping of a tent. When we hear the 'ping' you get for finding one of the many hidden objects in each level, we can't help but pause, smile, and search for the next one. Download Hidden Folks here (opens in new tab) Monument Valley 2(Image credit: Ustwo) An artistic puzzler about shifting perspectives with some of the most beautiful levels you'll ever lay your eyes and fingers on. They're wistful optical illusions: sprawling, curving structures that defy comprehension, but that you must learn to bend to your will. A few turns of a staircase here, a well-placed twist of a pillar there, and protagonist Ro can move onto the next screen, where you find a new colour palette and another, equally stunning building. It offers enough resistance to keep you honest but it's by no means a hard game, which makes

playing it feel like floating through a dreamland, listening to an other-worldly soundtrack. It's breathtaking, and you should play it more than once. Download Monument Valley 2 here (opens in new tab) The Room (Image credit: Fireproof Games) The Room is the best puzzle series on Android: four games, each crammed with unique objects that demand you twist, pull and flick them into shape until you work out how to progress. Every puzzle is tactile, and every item moves in satisfying ways, whether you're in a real space, rather than just a virtual playground. Those puzzles hit the difficulty sweet spot other games struggle to find: they're hard enough that it's not always obvious what to do, but not so tough that you get stuck for more than a few minutes. Individually, they're rewarding, but The Room here (opens in new tab)80 Days(Image credit: Inkle)Inkle's mobile masterpiece feels as relevant and rich today as it did when it came out five years ago. You play Passepartout, valet to Phileas Fogg, guiding your employer around the world against the clock. On one level, it's a resource management game: you have to plot Fogg's route while making sure his finances and health remain intact. But it's so much more than that. Each of the 150 cities you can visit exude character, and are brought to life by evocative descriptions that give you a sense of place and history, all with a few sentences and an accompanying image. You can plot any route you want around the world, which means every run reveals new details, and venturing even slightly off a particular path can wildly change what you see. You can even just zig-zag back and forth, not making any progress but soaking up the atmosphere. Every world event and city tells a different story, and many stories span multiple nodes, which makes 80 Days feel reactive and alive. You won't want to stop until you've seen everything it has to offer. It's progressive, anti-colonialist themes are a refreshing change. Download 80 Days here (opens in new tab)If you're after some great freebies on Android games you can play right now. Android games have been such a rave in the past few years that they have quickly surpassed even gaming consoles concerning popularity. The continuous development in the smartphone sphere has made it possible for top game developers to hit the Google Play Store with their best lot. But there is one drawback with the gaming experience and limits players in a country like India where consistently finding an internet connection can be a task on its own. Hence, we have compiled a list of 35 of the most impressive, best, low MB, and free Android games you can play offline for mobiles or tablets. The games have been presented as the top 5 in seven traditional categories Check them out - Top-Rated Android Offline Racing Games Racing is fun and safe when you can enjoy it on your phone and beat all competition on your way to victory. During your journey, you will find precious data. Shadow Fight 3 (Free, In-app Products) Watch Gameplay Requires Android - 4.1 and up File Size - 61.44 MB User Rating - 4.4 Check out the Game Trailer It is now time to start with the best of Role Playing games on Android that doesn't require an internet connection. First on the list is now up to you to escape him. There is also a host of paid storylines available which can be purchased to play additional missions. The game uses an upgraded version of the Infinity Gaming Engine which further enhances the gaming experience. This is a must play entry for all RPG enthusiasts. Watch Gameplay Icewind Dale is an enchanted journey into the Spine of the World Mountains which is a graphics. But make no mistake about its entertainment prowess. The game may seem simple with the objective being to explore the depth of the dungeons, collecting items to fight the monsters and ultimately finding the Amulet of Yendor, things often go out of hand due to one fantastic feature - random level generation. It is often considered as one of the most challenging RPG games to hit the Android app store. Watch Gameplay This entry is a stylish and dark game which is based on the concept of "side-scrolling and slash" gameplay. But rather than a storyline or open world premise, the game has 100 different stages to be played, with the ultimate objective being to defeat the dark dragon. Dark Sword also sports a hardcore mode for the real gaming enthusiasts who are looking for some extra kick. Check out the Game Trailer SoulCraft tops our list of the top offline android games in the RPG category. The game is set against an incredible storyline where the humans have discovered the secret to eternal life. This drives the angels and demons to make a pact and claim the apocalypse to maintain the natural flow of things. The game allows you to choose one side and proceeds to the 3-way war to determine who wins it. A gripping gameplay and graphics only add to the overall gaming experience. There are hundreds of games packed in this one single app. The company has gathered some of the best girl games and packaged them so that you just need to download one app to play them all. This includes dressing, makeup, music, cooking, operation etc. Score! Hero Watch Gameplay Do you like soccer? Do you want to recreate some of the best goals ever scored? Then this next game is for you. It is one of the best soccer? Do you want to recreate some of the best goals ever scored? Then this next game is for you. It is one of the best soccer? Do you want to recreate some of the best soccer? Do you want to recreate some of the best soccer? Do you want to recreate some of the best goals ever scored? Then this next game is for you. It is one of the best soccer? Do you want to recreate some of the best soccer? came out on my friend's phone. It was some of the
most fun I had playing mobile games. It was an amazing experience. This is for people who love sports games and are looking for the best offline iphone games to play. Score even adds a bit of a competitive aspect by adding stars to your performance. This makes you want to nail the goal perfectly. Nova legacy Check out the Game Trailer Nova Legacy is one of the games that makes me feel nostalgic. Games of similar type and even the same title have been around for ages. It takes me back to a time when I used to play these games regularly. If you want a fun offline action game then this is one of the best ones out there. You get to upgrade guns and fight with bad guys. In this version of the game, there's a deathmatch as well. Where you get to play 4V4. This is a really popular game. You have to try out this game once if you like playing adventure and action games. Extreme Car Driving Simulator Check out the Game Trailer If you want to experience the fun of driving a car without the real thing then you should check out Extreme Car Driving Simulator. It is one of the popular car driving simulators which you will have fun playing. You basically let loose on a sports track and do stunts and race to be the popular car driving simulators which you will have fun playing. You basically let loose on a sports track and do stunts and race to be the best. The physics engine of the popular car driving simulators which you will have fun playing. You basically let loose on a sports track and do stunts and race to be the best. The physics engine of the popular car driving simulators which you will have fun playing. You basically let loose on a sports track and do stunts and race to be the best. The physics engine of the physics eng don't expect to be driving a real car. But this is quite good and you will have a lot of fun playing it. So, try it out. Bike Race: Motorcycle Games Staying on the topic of games related to driving, let's move on to motorcycle game. You basically ride a motorcycle on some crazy tracks. Yeah, the tracks on this game are not your average racing tracks. Rather you can think of it as a crazy platform game where the character you play is riding a bike. This game is a lot of fun. If you are searching for some fun offline games then this one is definitely one of them. Helix Jump Watch Gameplay Helix Jump is a hard game to explain but you must have seen it somewhere. There are versions of Helix Jump on a bunch of platforms. The aim of the game is to make a ball go down endlessly. You don't control the ball pass through gaps between the ledges without touching the colored surfaces on them. This game is immensely popular and has had millions of downloads already. Cover Fire: Offline Shooting Watch Gameplay Let's look at a shooting game next. If you have been searching for some offline shooting games then try our Cover Fire. It is a fun game to play if you like shooters. Cover Fire has a story mode which can be fun to play. It is quite decent. The game can be quite addictive with different modes and the variety of guns you can use. You will enjoy using the sniper rifle in the game. I really liked the graphics of the game as well. And the best part about it is that it can be played offline. So, you can disconnect from other distractions and just play the game. Hungry Shark World Watch Gameplay Hungry Shark World is a funny game. Ever wondered what it is like to be an apex predator. Well, you can sort of get some answers via this game. You basically play as a shark and keep growing by eating fish of all sizes including whales and also feeding on humans. This is a fun game to play if you are bored and just want to pass a bit of time. There are multiple species of shark in this game. It is kind of like an open-world game where you can swim in different oceans and feed on some tasty humans and fishes. Word Cookies Watch Gameplay If you like puzzles, especially the ones with jumbled words then you will like Word Cookies. You are given a bunch of letters and you have to create multiple words of a given length. This game is not that easy. Oftentimes you will get a sort of an empty crossword which will give you an idea of the length of the word that you need to make. For each round, you have to make multiple words of a given length. This game is not that easy. Oftentimes you will get a sort of an empty crossword which will give you an idea of the length of the word that you need to make. find it hard to make words even though they are obvious. This is quite a fun game. If you are looking to use your brain a bit while playing games you can try it out. I have a lot of fun whenever I load up this game. Fruit Ninja Watch Gameplay Fruit Ninja watch Gam The game has a small learning curve when it comes to mechanics. You can get started in seconds. You just have to tap the same time and you can't miss cutting even one of them or you lose life in the game. To make it harder the game occasionally spawns bombs. If you try to cut the bomb then it's game over. Cut the Rope Watch Gameplay Cut the Rope is another classic game which combines fun gameplay with puzzles. You have to solve a sort of puzzle to win each level. The game has a frog and a network of ropes with a candy hanging at the bottom. You have to cut the ropes intelligently in such a way that the candy swings directly into the mouth of the frog. This game gets progressively harder with each level. This is the perfect game for people who like to solve puzzles. If you want to enjoy some of the best offline games then Cut the Rope is definitely one of those hypercasual games that don't need a lot of time to master the basics. You can literally start playing the game in seconds and have all the mechanics down. But it does get time to find your rhythm. When you look at the various high scores in the game you will understand to what level some people have mastered it. There are also many power-ups that you can buy as well as unlock different characters. Jetpack Joyride Watch Gameplay Jetpack Joyride is one of the most fun games that I played when I was a kid. You play as a character who wears a jetpack and rides through different platforms. It is a free game that you can download and load up whenever you are feeling bored and need some entertainment. You can equip different types of jetpacks as you go for a fun ride and fight enemies. Millions of people that haven't done it then go for it. Beach Buggy Blitz Watch Gameplay Racing games are fun. You get to experience the thrill and competitiveness of driving on a fun ride and fight enemies. Millions of people that haven't done it then go for it. Beach Buggy Blitz Watch Gameplay Racing games are fun. You get to experience the thrill and competitiveness of driving on a fun ride and played the game. If you are one of few people that haven't done it then go for it. track. Beach Buggy is a fun game that you can play if you like racing games. You basically drive around in a buggy and race on. You can play this game for hours. The gameplay is smooth and the sounds are nice. There are multiple tracks so you will not get bored. DEAD TRIGGER 2 Watch Gameplay When Dead Trigger and Dead Trigger and Dead Trigger and Dead Trigger 2 came out it was one of the best first-person shooter mechanics. You basically shot zombies. Then Dead Trigger and Dead Trigger 2 came out and they just built on top of that and created some of the best fundamental trigger. gameplays. There is a story mode as well. It is fun to play. You gather supplies and stuff. You will enjoy playing this game Mazes & More Watch Gameplay Mazes and More is a fun puzzle game that you can load on and have a fun time. This is for people who want to play puzzle games. This is an offline game so you don't have to be connected to play the game. One of the puzzles of the game includes mazes which can be quite challenging. You get to use your brain and imagination while having fun. If you are looking for free offline games that you can have fun playing check out maze and more. Plants vs Zombies™ I don't think I need to tell you what the next game on our list is. Plants vs Zombies™ is probably one of the most popular smartphone games ever. It is a fun game to play and you will enjoy playing it. In the game, zombies keep spawning and coming towards your base and you have to use plants to shoot them. Yeah, I know it's weird but it's a mobile game. So, who cares? It is quite fun to play this game. So, if you just want to spend a couple of hours chilling on your couch, you might as well load this game up and enjoy yourself. Vector Watch Gameplay One of the other bangers that Nekki launched is the next entry on this list. was introduced to Vector by a friend of mine and I have to thank him as it was one of the best running-themed platform games I have played. Platform games have been made before. So, what makes this one special? Well, because they decided to add Parkour to it. The jumps and stunts that you can do in the game are all real and the animation does those moves justice. There is a small storyline as well which adds a bit of depth to it. You will enjoy playing this game. Give it a try. Minecraft Trial Watch Gameplay Minecraft Trial is a nice mobile game for people who love the game. It is a free time-limited trial which lets you experience the game and want to have a go at it then you just install the trial version on your mobile and try it out. In this version, you can build stuff which is probably one of the most unique aspects of Minecraft. Minecraft is a popular game. More than 100 million people have already downloaded and tried it out. So, if you want you can give it a try as well. Into the Dead 2 Watch Gameplay If you enjoy zombie shooter games then you will enjoy playing Into the Dead 2. Into the Dead 2 was a storyline as well. There has been a zombie apocalypse. There are zombies everywhere. You have to protect yourself from the zombies. I like playing Zombie Survival games
are coming up. Let's look at the next one. This is a fun little game that you can play if you are looking for a first-person shooter. You can get multiple guns and weapons in the game. Just blast some zombies' heads and throw their limbs off. This is an offline shooter. So, if you want to conserve some battery on your phone while playing games and are looking for offline games to play then you can download The Walking Zombie 2. It has more than 10 million downloads. People just love playing these zombie shooters. Zombie Smasher zombie shooters. Zombie shooters. Zombie Smasher zombie shooters. Zombie Smasher zombie shooters. Zombie Smasher zombie shooters. Zomb zombies try to attack you and you have to survive the attack and try to kill all of them. You get special power-ups in the game to aid you. But you cannot just tap randomly to kill the zombies. There are kids as well. Don't hurt them or game over. Worms Zone is a cool-looking game. I liked the graphics of the game. It is a different take on the classic snake game where the objective is to just eat and grow. This game will feel competitive because the developers added certain aspects of competitive because the developers and eat more food to become the biggest and baddest worm in town. The gameplay is smooth. The design feels nice and the graphics look good. You can get different power-ups in the game as well as choose different skins. The company has basically merged fun aspects from all types of games to make this one. Robbery Bob 2: Double Trouble Watch Gameplay In Robbery Bob 3: Do task won't be easy. There are obstacles in place that you have to go around. This is basically a puzzle game of sorts which you can load up and have a lot of fun with. If you are looking for the best offline games and you like puzzle games then try it out. To test it out you can just tap on the try now button. It won't install the game but load up a quick demo. Cool, right? Zombie Catchers Watch Gameplay It's time to hunt the undead. Zombies have invaded our world and you have to save yourself by hunting them down. Don't worry, You will pick up tons of cool weapons to blast zombies out of this world. The game is set in a futuristic world where two intergalactic businessmen are ready to kill the zombies by hunting them out. So, what are you waiting for? Time to kill these suckers and sell their juice. Weird, I know. But it's in the game. This wind ups our list of the top Android games to play without the Internet. Did we miss out on any of your favorite offline android games? Share your views in the comments below! Photo by bandzuki
